Disclaimers

Genetically Modified Organisms (GMO):

The product is not produced out of genetically modified organism. Therefore, there is no obligation labelling according regulation (EC) 1829/2003 and 1830/2003.

Nano material:

There is no assembling of nanoparticles or use of nanotechnology in the manufacture of the product. According to EU legislation the product does not meet the definition 'engineered nanomaterial' and therefore does not require labelling.

Irradiation:

The product and its ingredients are not treated with radioactive irradiation.

Pesticides residues:

The product complies with regulation (EC) 396/2005.

Packaging:

The used packaging material is suitable for use with foodstuff, in accordance with regulation (EC) 1935/2004 and (EC) 10/2011.

Decontamination:

The product has not been fumigated with ethylene oxide or propylene oxide.

Foreign materials:

The product passes through metal detection before packaging. The product is free of foreign bodies as far as technically possible.

Contaminants:

The product complies with commission regulation (EC) 2023/915.
